RECOMMENDATIONS PERTAINING TO STANDARDIZATION OF WEAPONS  
TO BE USED IN PARA-MILITARY TYPE OPERATIONS

1. Pertinent to the information contained in the "Criteria for selection of specific items of PM equipment", the following suggestions or recommendations are offered as to weapons [redacted] which are considered to fit the demands as laid down in the criteria.

25X1

2. The main contribution which we feel that Training can make is on the operational merit of the weapons in question, that is, their employment capabilities and limitations as observed under actual and training conditions. We have examined these weapons with emphasis on tactical and logistical considerations, but we do not feel that we are in a position to comment on the procurement considerations.

3. The weapons listed below are those weapons which we, in Training, feel are the most suitable for PM operations, bearing in mind the criteria for the selection of such weapons. The weapons are listed under the headings [redacted]
